UNIVERSITY OF ICELAND

Social Progress Index 2015

Iceland

- Ranked 4th overall
 - **Basic Human Needs (6th)**
 - **Opportunity (11th)**
 - **Foundation of Wellbeing (4th)**
- Ranks highly, but ...
 - “has the most room to improve on Access to Advanced Education [under **Opportunity**].”

My talk today

- I. Expenditure on higher education
- II. University of Iceland – Short profile
- III. Research performance and impact
- IV. Rankings – THE
- V. Summary

I. How much do we spend on higher education?

I. Expenditure on higher education

Total expenditure per student (FTE)

I. Expenditure on higher education

Annual expenditure per student in 2012 related to 2005

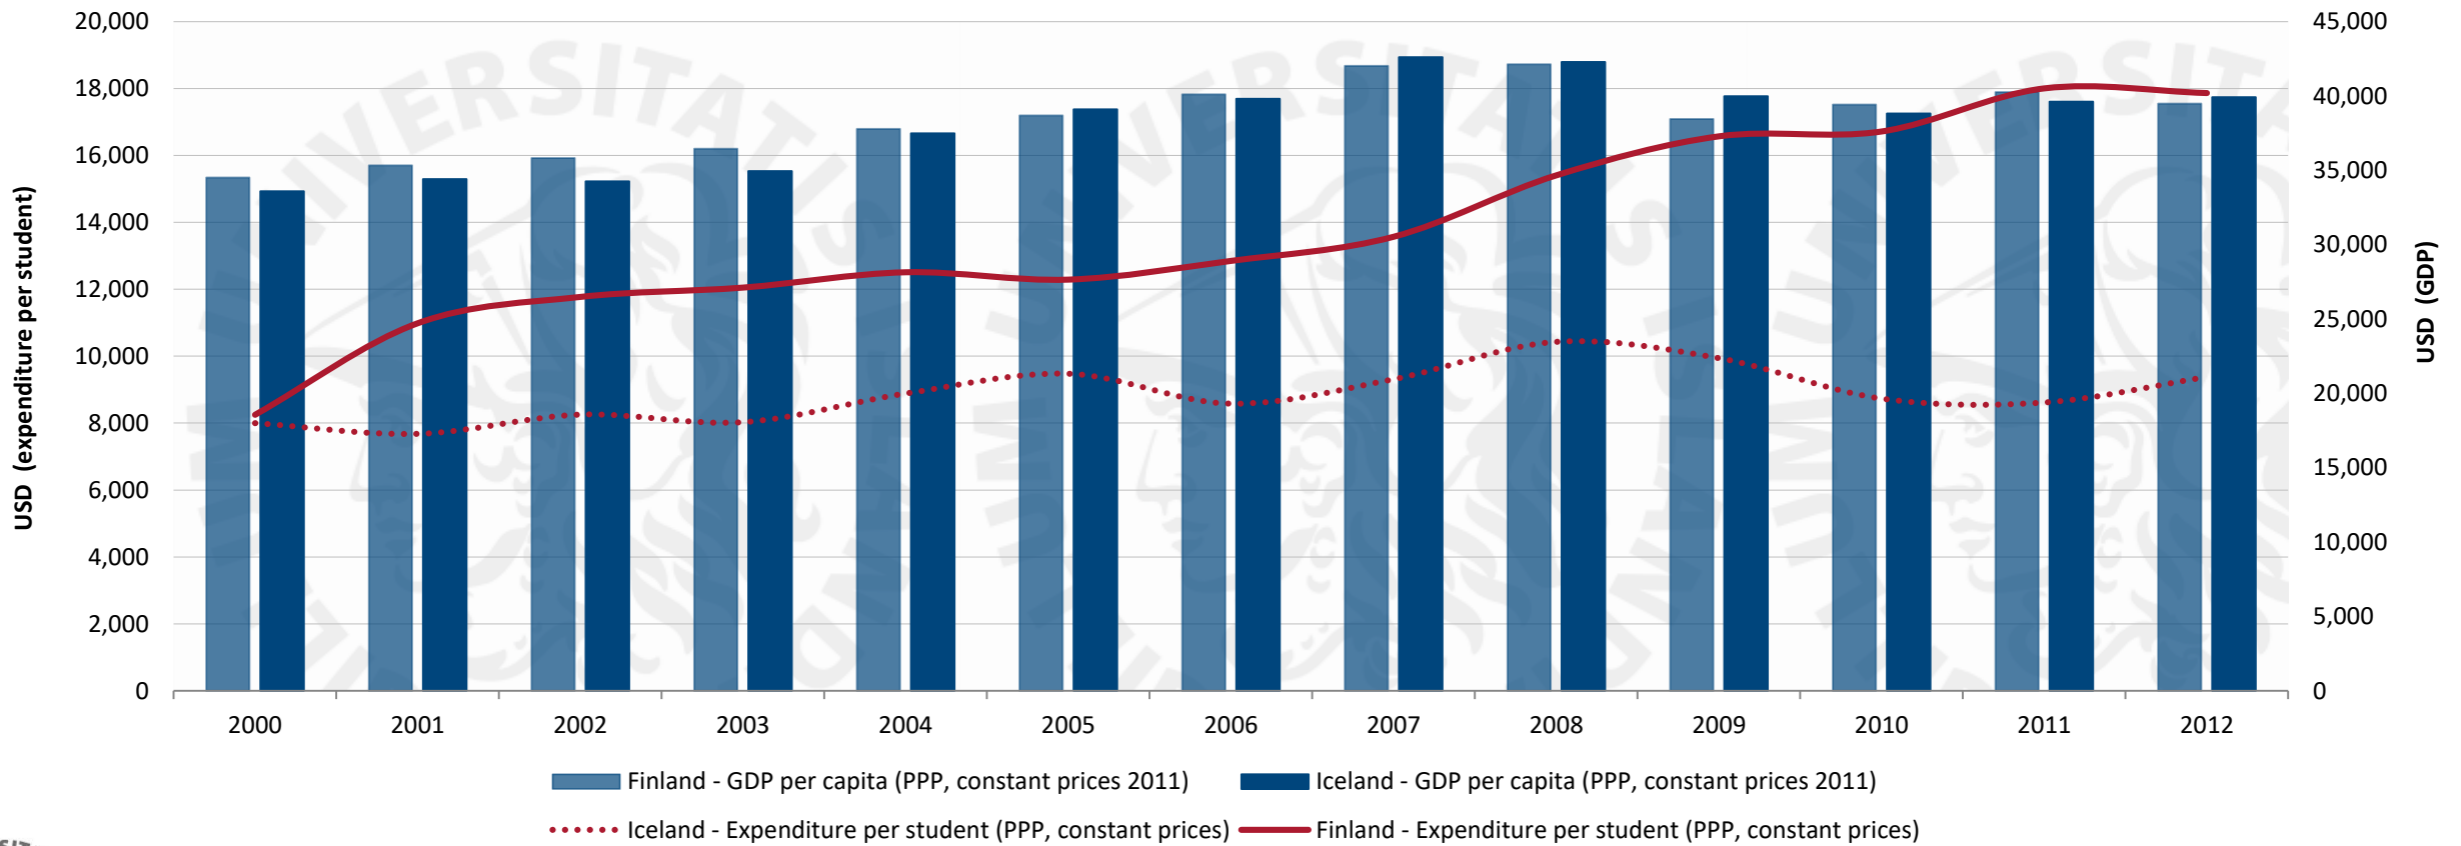

I. Expenditure on higher education Iceland vs. Finland – GDP per capita

I. Expenditure on higher education

Iceland vs. Finland – GDP and expenditure per student

II. University of Iceland Short profile

UNIVERSITY OF ICELAND

II. University of Iceland Overview

- Founded in 1911
- A comprehensive research university
- Has five Schools
 - 25 Faculties
 - Formal Interdisciplinary Programs
- 700+ academic staff
 - Including 3 Highly Cited Researchers as Full Professors and 5 affiliated (Thompson Reuters 2015)
- 13.000+ students

II. University of Iceland 30 year development

	1984	1994	2004	2014	30 year change
Academic staff	237	398	422	728	Tripled
Students	4.394	5.364	8.725	13.960	Tripled
Graduations	451	907	1.391	2.988	By seven times
Master's Degrees	10	29	249	908	
PhD Degrees	0	0	10	82	
ISI Publications	41	195	362	870	By 21 times
Citations	1.186	5.607	10.098	29.459	By 25 times

II. University of Iceland Former Policies

Policy 2006-2011 included

- Emphasis on scientific output – double the number of ISI publications
- Enhancing international collaboration with universities and research institutions
- Quintupling the number of PhD awarded

THE ranking in 2011: 275

Policy 2011-2016 included

- Strengthening the UI's infrastructure
- Promoting excellence in research and increasing the number of high quality publications
- Integrating teaching and research with increased quality of undergraduate education

THE ranking in 2016: 222

II. University of Iceland Policy 2016-2021

- Focus areas
 - **A progressive vision for teaching and learning** that prepares students to participate in society and industry
 - **Strong research infrastructure** that supports the creation of knowledge and international collaboration
 - The University has a wide impact and addresses the **challenges of the 21st century**
 - A **great place** to work
 - **Quality culture** and **efficient information technology**

III. Research performance and impact

III. Research performance and impact

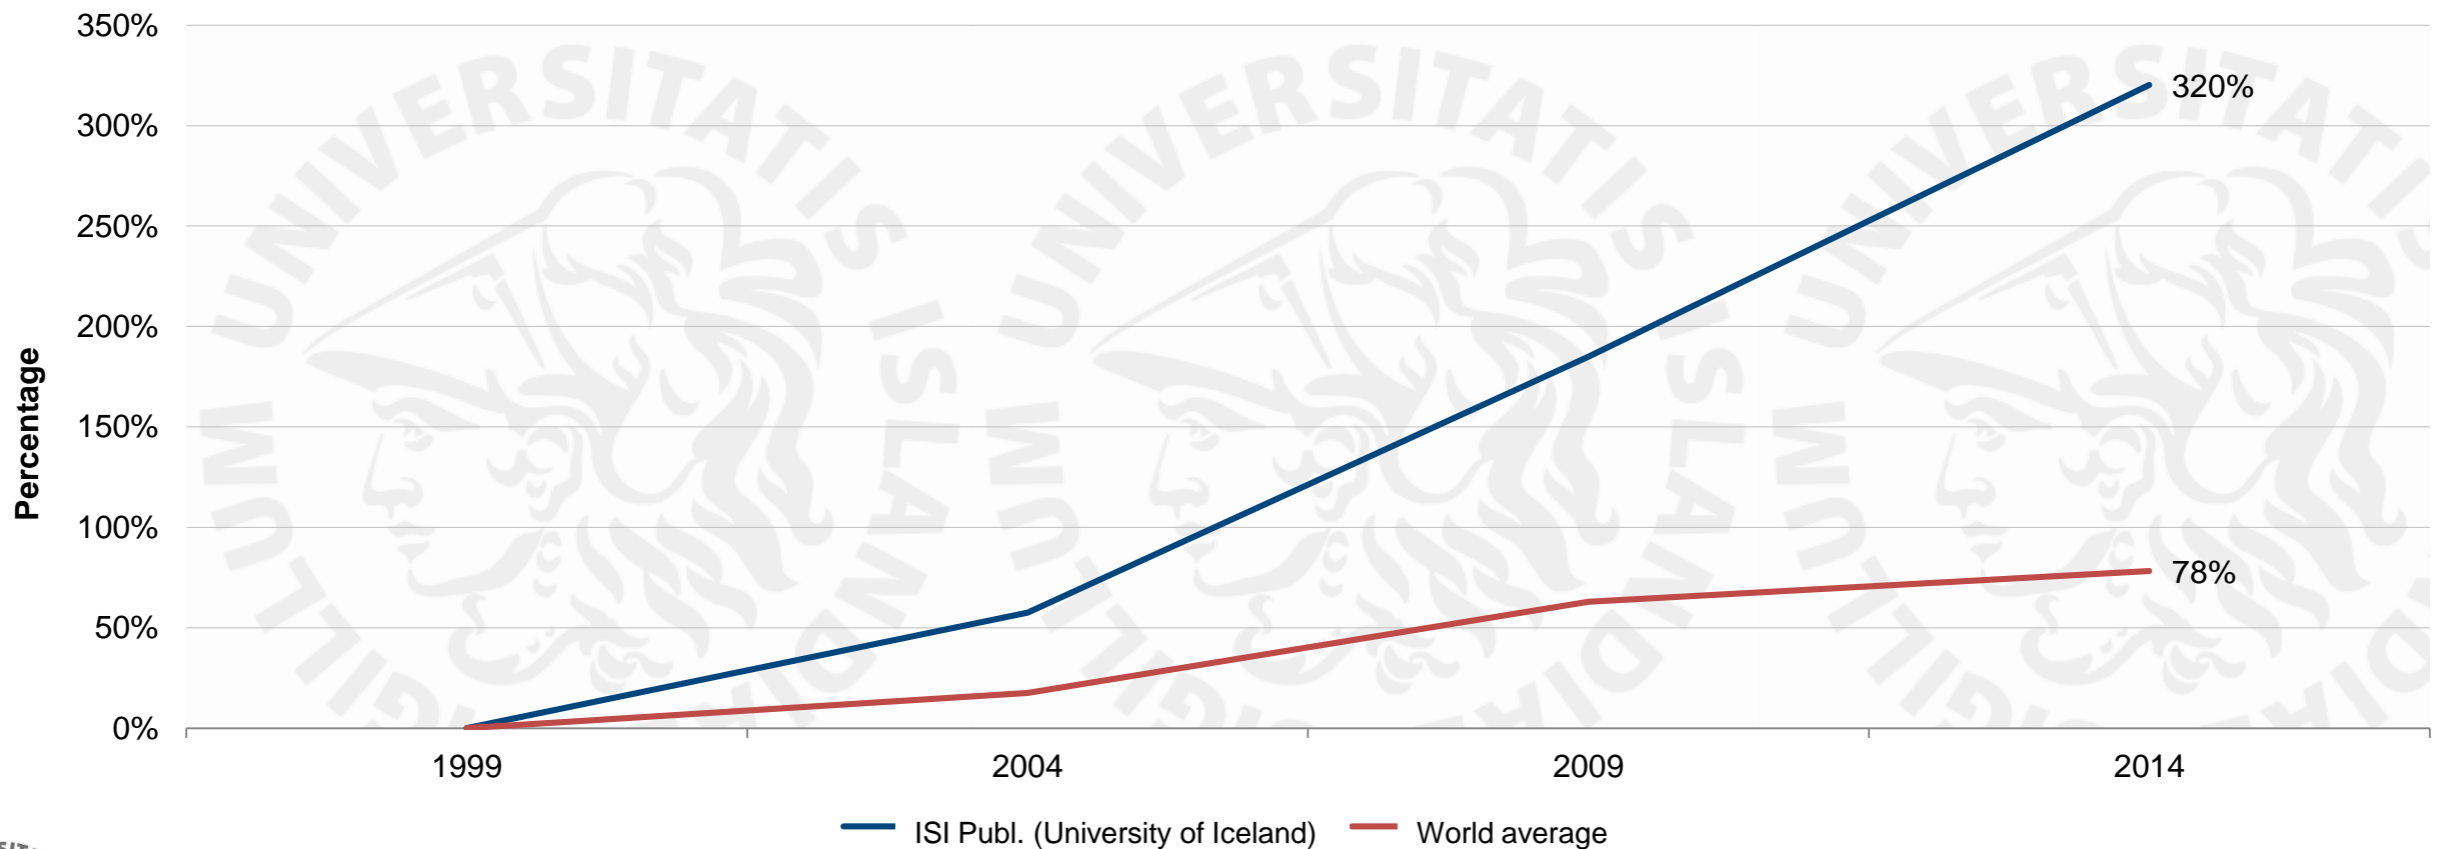

University of Iceland – ISI Publications

III. Research performance and impact

University of Iceland – Relative growth of ISI Publications

III. Research performance and impact

University of Iceland – Impact factor (ISI Publications)

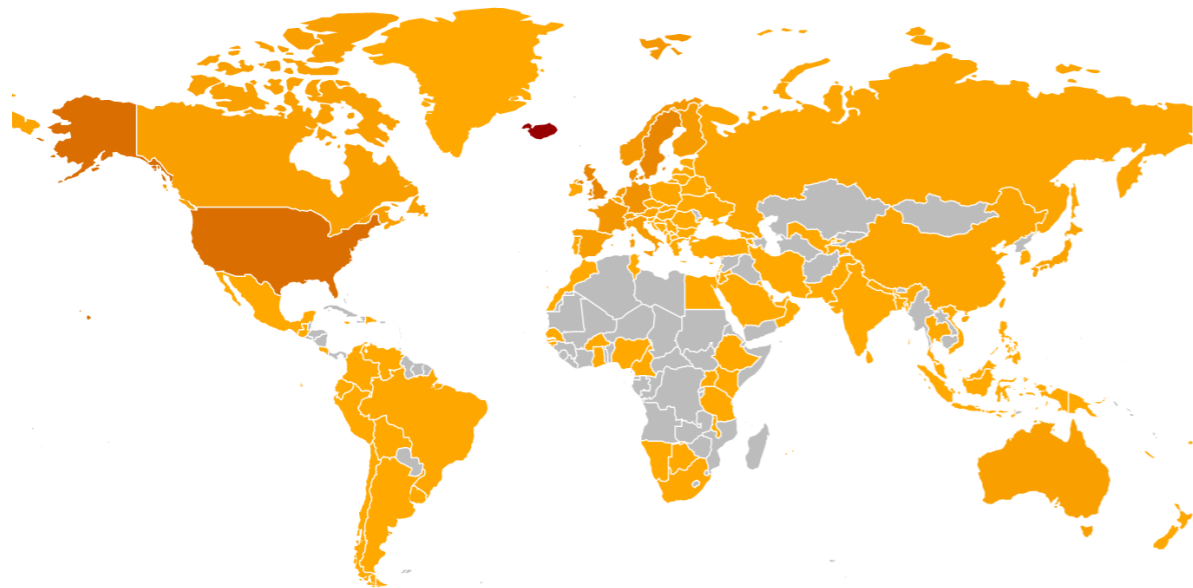

III. Research performance and impact

University of Iceland – International collaboration

125 collaborating countries from 2012

Internationally co-authored ISI Publications

UNIVERSITY OF ICELAND

IV. Rankings – THE

IV. Rankings

University of Iceland – Times Higher World University Rankings

- University of Iceland ranked by Times Higher World University Rankings since 2011
 - Ranked No. 275 in 2011
 - Ranked No. 222 in 2016
 - Total score risen by 40% (33 to 47)
- The performance indicators are grouped into five areas
 - Teaching (the learning environment)
 - Research (volume, income and reputation)
 - Citations (research influence)
 - International outlook (staff, students and research)
 - Industry income (knowledge transfer)
- Relative weakness
 - Subjective evaluation (reputation surveys amount to 32% of total score)
- Relative strength
 - Data (publications, citations, etc.)

IV. Rankings

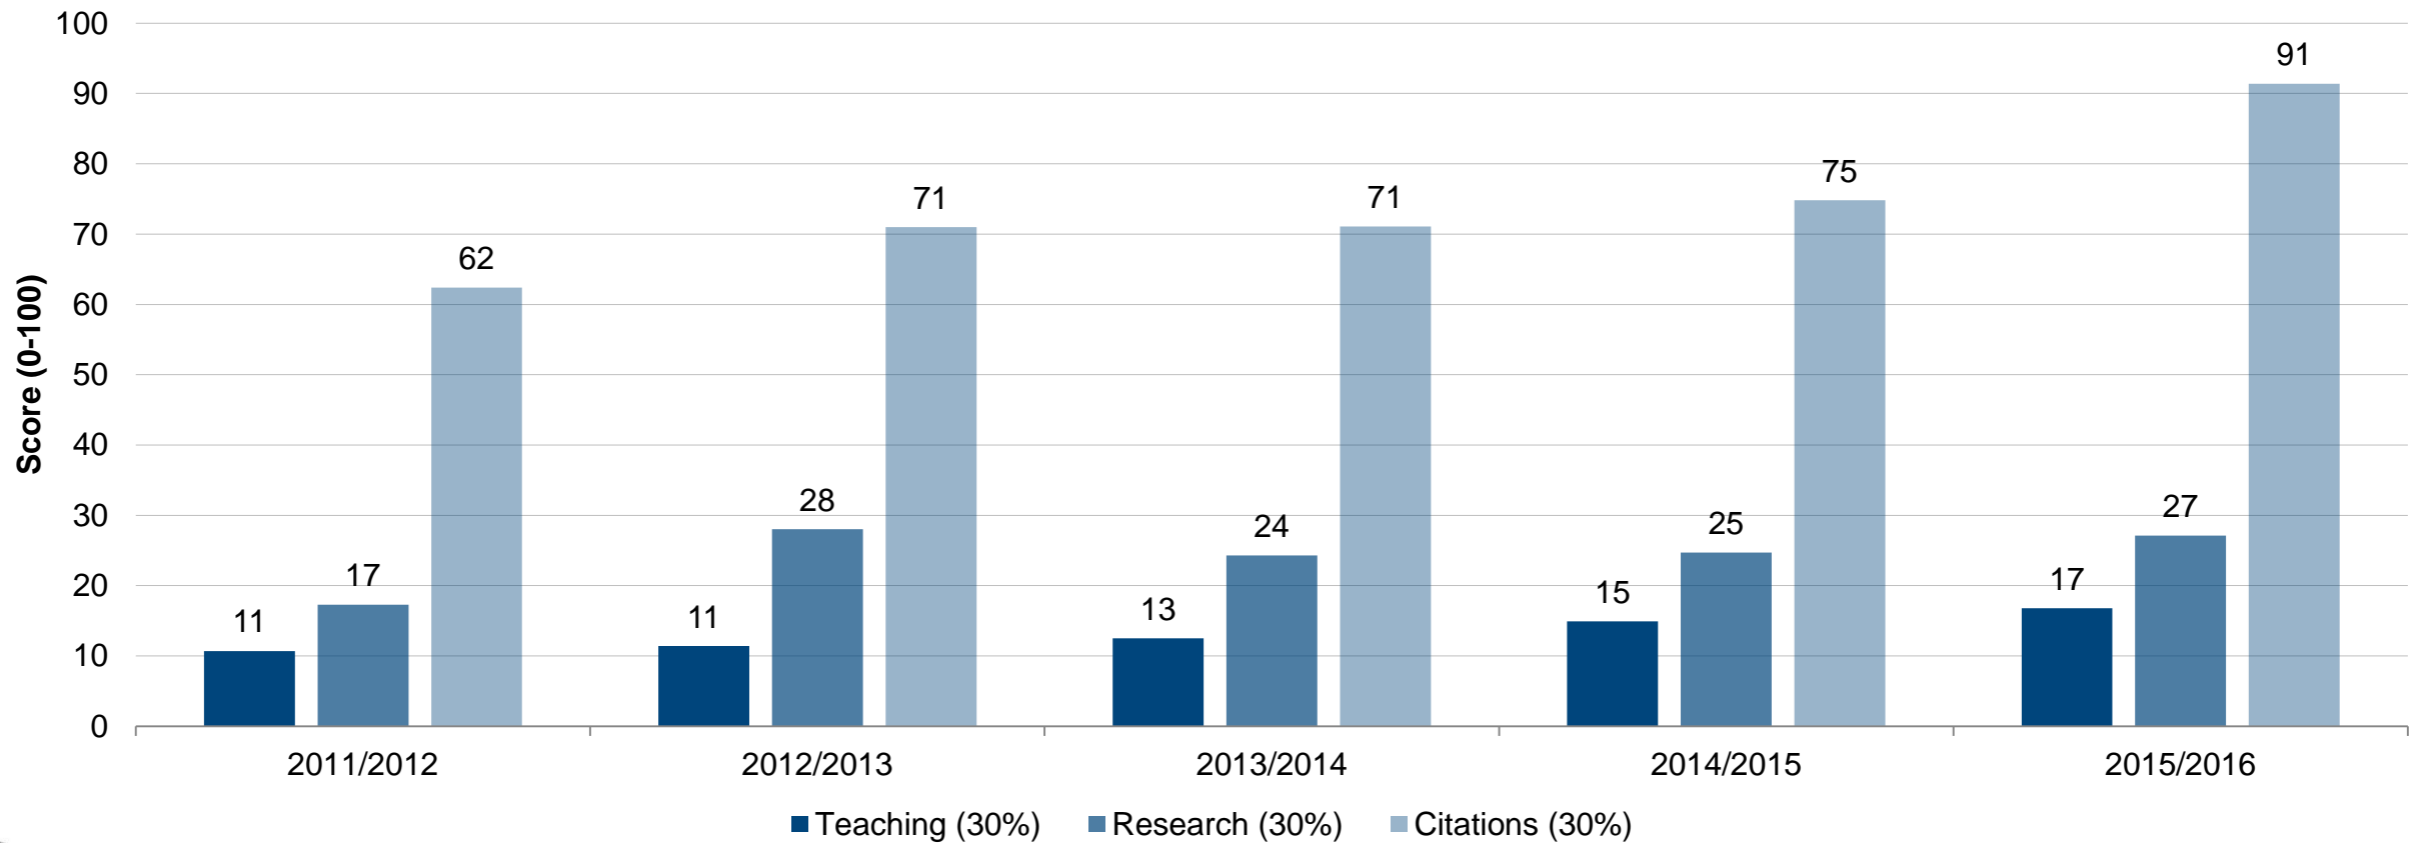

University of Iceland – Performance 2015/2016 (THE)

IV. Rankings

University of Iceland – Key performance from 2011 (THE)

V. Summary

What Works

- Iceland ranks highly on the Social Progress Index
- Iceland has the most room to improve on Access to Advanced Education
- Iceland spends much less per student in higher education than other Nordic Countries
- Expenditure per student in higher education has actually decreased in Iceland between 2005 and 2012
- University of Iceland has grown substantially over a period of three decades
 - Publications have increased over 20-fold
 - Impact factor is substantially over world average
- University of Iceland has in its Policies since 2006 placed emphasis on high impact research and international collaboration
- University of Iceland has been ranked by Times Higher World University Rankings since 2011
 - Reputation surveys will always be difficult for small countries / small institutions
 - The highest score comes from data driven indicators
 - The institution's citation impact is very high and ranks no. 58 out of 800 by THE

Thank you!
